ROBBERY WAS THE BASE MOTIVE

A Paymester Brained in His Office at Midnight and Valuables Taken. News of the State at Large.

INFERENCE, Mich., Jan. 5 .- Intense excitement pravalle here this morning. ne time near midnight, John Gleason, paymaster of the Cleveland Cliffs from Mining company, was foully mur-fered in the office of the corporation. Mr. Gieason was working late on his hooks, and so far as is known no person saw the awful deed committed.

It is quite evident that Mr. Gleason was killed while trying to protect the valuables in the safe, as his body was found lying in front of the safe. He was discovered shortly after he was shot and was then not quite dead. He was shot with a 32 calibre revolver in the back part of the head. He lived nearly two hours after he was found, but never recovered consciousness. The man who discovered him was

the night watchman. The police were at once notifies, but so far no trace of the murderer can be found. The excitement is intense, and if the fiend can be discovered it will be extremely hard to restrain Judge Lynco.

The murdered obtained quites quantity of valuable black diamonds, which are used by the company in drilling, and about \$250 in money. The field also took from his victim's person his gold watch and chain. Mr. Gleason was a man held in the highest esteem in the city, and had worked his way up to the important position he beld from a mere boy, working about the mines. He had been in the employ of the Cleveland company for twenty years. He leaves a wife and two children. It is the foulest murder ever com-mitted within the confines of this city.

SEPREME COURT IN SESSION. Judge Montgomery Took His Seat Yesterday Moraing.

LANSING, Jan. 5 .- The state supreme court convened this morning with Chief Justice Morse presiding and Judge R. M. Montgomery of Grand Rapids in his sent. It was announced that the court will sit for three weeks and then take a recess of four weeks. The court will receive cases on briefs at any time without reference to their place upon the calendar. This is done to expedite business as there are 236 cases on the calendar more than at any other time in the

history of the court.

In the case of the Fenton Metallic Manu's sturing company vs. Chairman Solomon, of the Kent supervisors building committee, an order to show cause was issued. Several months ago the board decided to give the contract for furnishing the county court house to the Fenton company, but pressure was brought to bear and the chairman refused to sign the contract. The com-

arrested for libel, and Judge Dicker-man quashed the capies. The bank asked to have the lower court's decision set aside, but the supreme court refused the prayer. Alderman Wach will now sue for false imprisonment.

SENATORS AT SAGINAW.

The City Shaken Over Recent Develop.

Saginaw, Jan. 5 .- Saginaw's municspal scandal resulting from the investigation into the accounts of Court Clerk Gibney is really assuming sensational proportions. The latest development was when a no less important person-age than the city controller, Jacob Schwartt, was taken in custody yester-day afternoon on a warrant issued by ice Judge John D. Berry, charging him with contempt of court. The origin of the strife a mong these officials was the move made recently by the city controller and a financial committee appointed by the common council to investigate the alleged shortage in Police Court Clerk Gibney's counts. According to the reports made by these gentlemen, the tooks were found in bad shape, and Gibney was re-quested to resign his position, which he did. Gibney in his defense showed that some of the moneys taken in by him were first handled by Judge Barry and various member of the police force, and this seemed to throw a cloud over the judge. In addition to this, the ee and the city controller censured Barry as being responsible in part for the shortages.
